

Copio

Copying and pasting layers finally comes to Photoshop!

INSTALLATION:

To install Copio you will need Adobe Photoshop CC or newer.

1. Move "**Copio**" folder to **"/Presets/Scripts/"** in the Photoshop directory.
2. Open Photoshop
3. Go to **Edit>Keyboard Shortcuts...**
4. In the shortcuts window choose **File>Scripts**
5. Here you can assign your own shortcuts to **Copio-Copy** and **Copio-Paste**.
